SAFE KIDS

COLORING BOOK

SAFETY TIPS FOR KIDS

I am happy to provide this coloring book to you. Being safe on the playground, in your neighborhood or at school is important. I hope this book will teach you how to be safe.

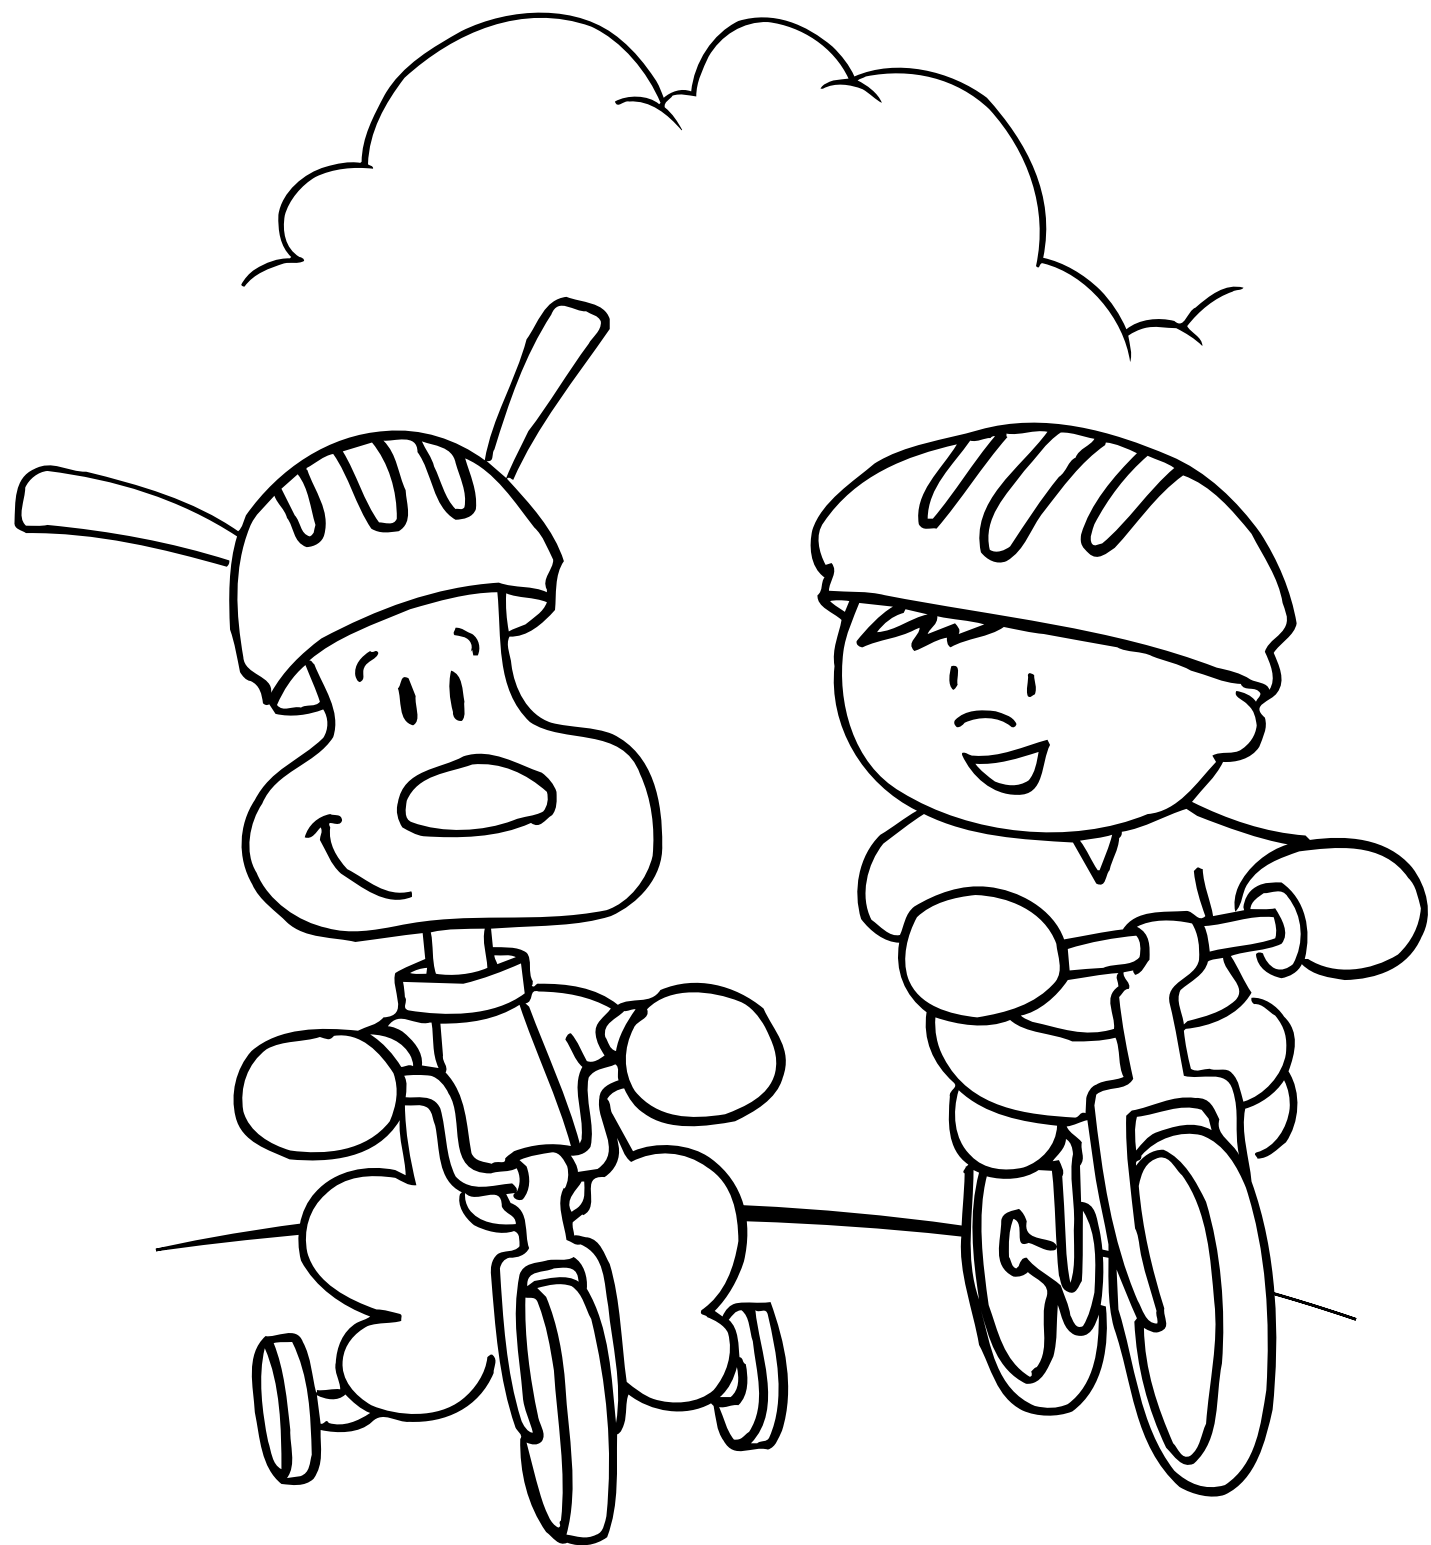

There may be times when a parent or teacher is not there to protect you and it will be up to you to make the right decision.

Talk with your parents and teachers about what makes you feel safe. If you ever feel like you are in danger or need help always tell a teacher, parent or adult in charge.

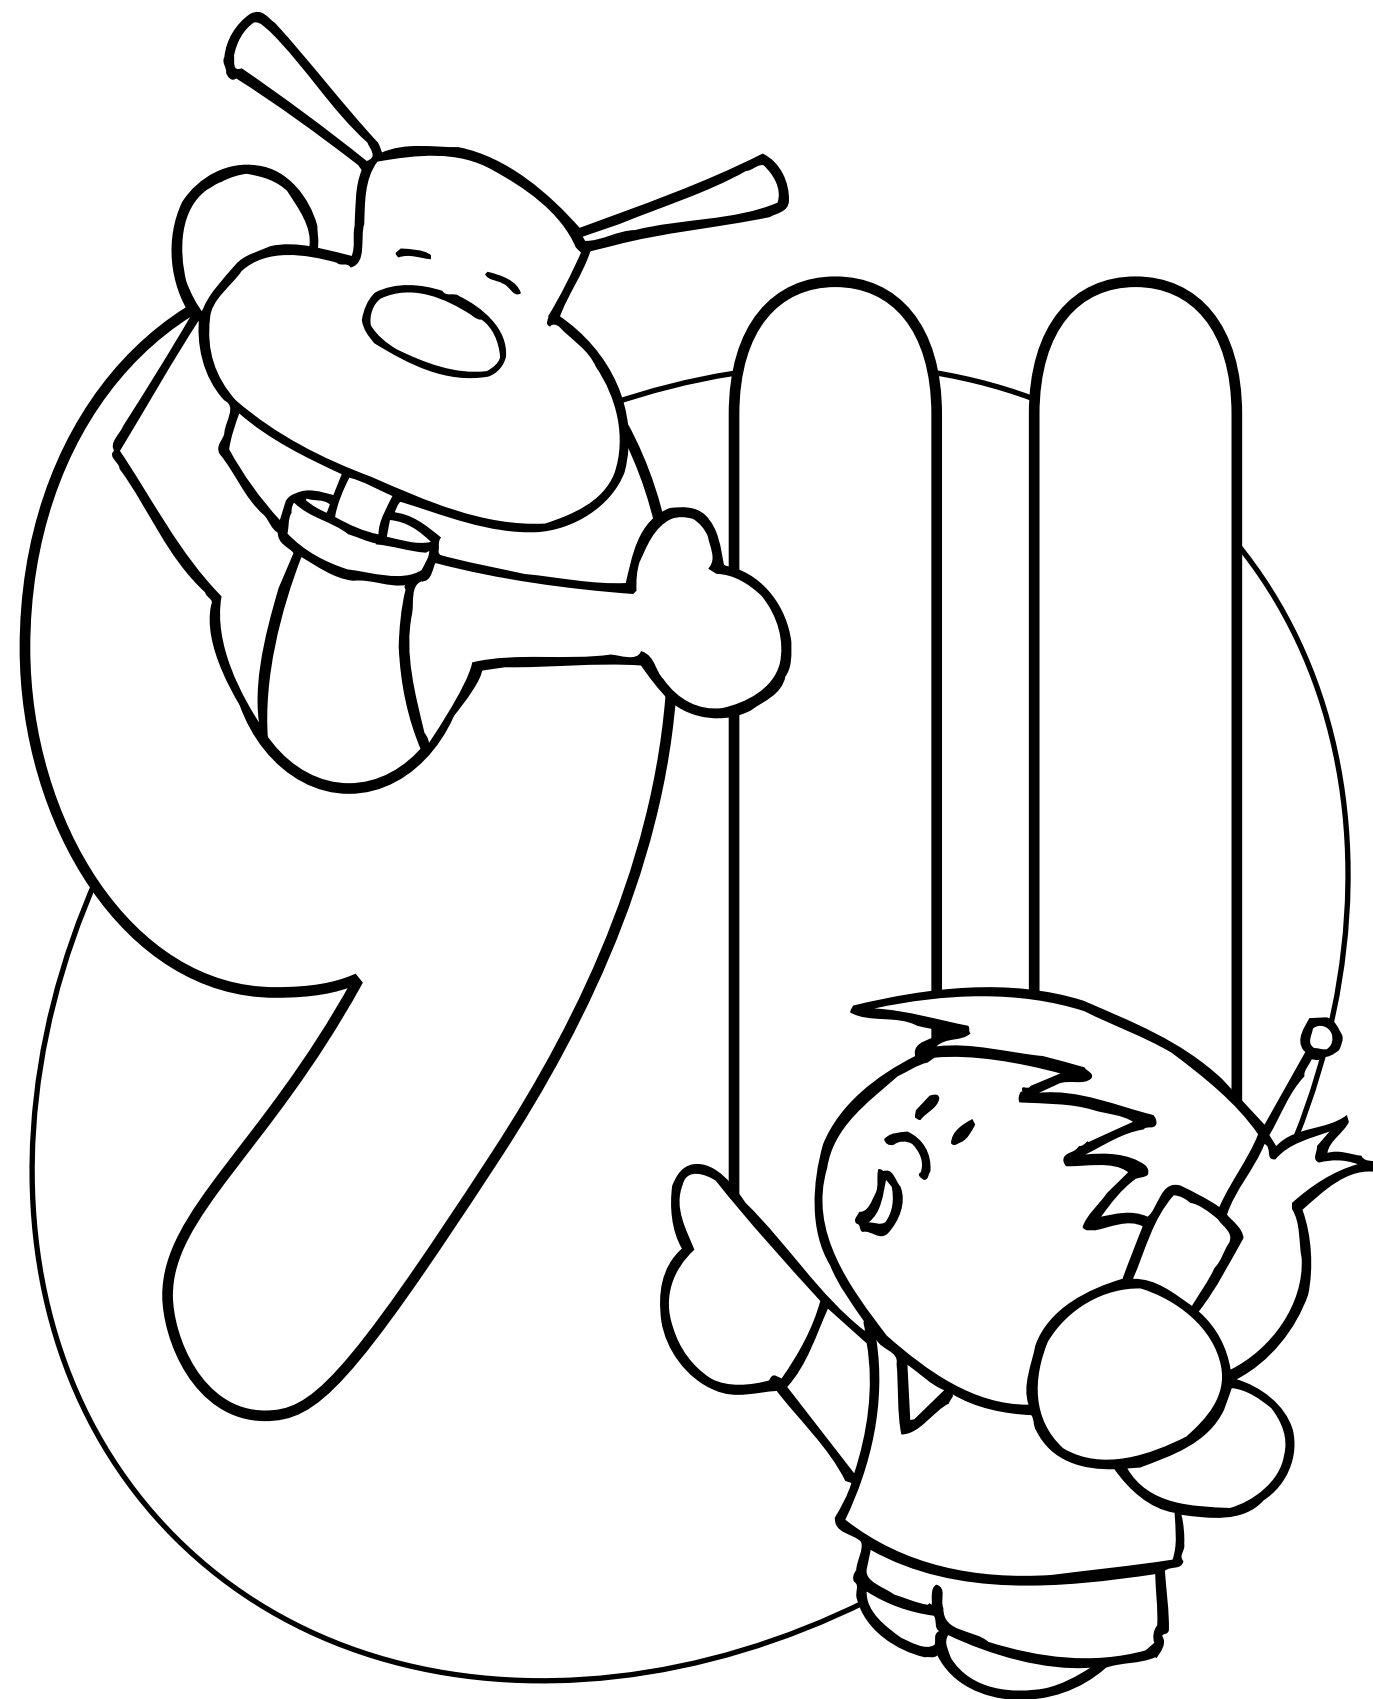

Happy coloring!!!
